The PRESIDENT,
District Board, South Kanara.

Sir,

I have the honour to solicit the sanction of Government for having incurred, out of the Elementary Education Fund, a total expenditure of Rs 11-6-0 on the following two items for the purpose noted against each:-

Rs 5-4-0 - For 12 slates and 12 Infant Readers supplied to poor students in the Vittal Muhammadan Girls' School.

Rs 6-2-0 - For 26 slates purchased for the use of poor students in the Board Moplah Boys' School, Puttur.

11-6-0.

2. Both the items have been held under objection by the Audit Department which insists on my getting sanction of Government in order to debit the expenditure to the Elementary Education Fund. Hence this communication.

3. The circumstances which necessiated the incurring of this expenditure are too obvious to need any detailed reasons in support. The Moplas form a very back-ward community in -- point of education and they are generally very poor. It is with difficulty that we are inducing them to attend our schools. They can hardly make both ends meet. They are generally in rags. It is too much to expect them to find money to purchase slates or books. If we want them to attend our schools(they on their part are certainly not very anxious) we must give - them slates, books etc.,free - otherwise they will keep back, or the teacher will have to take the children through their lessons without slates or books. As this is not practicable, somebody or other has to find money for it. Some times the teacher (poor though he himself is) is impelled to find the money, often I am obliged to supply the need myself but this kind of sporadic help is not satisfactory and it seems to me that a burden of this kind has to be borne by the concerned local board. Similar concessions to children and relations of ex-military men have been legalised and the State has taken the burden on itself - please vide G.O.No.987, Law (Edn) dated 2nd May 1928. The allowance permissible per pupil studying in an Elementary School has been fixed at Rs 12/- per annum -- paid in cash.

4. In the present case, slates and books have been supplie thereby avoiding all chances of misapplication of moneys. Small as the sum spent is, it has certainly benefitted a large number of poor children who deserved this help beyond all -- doubt. If children and other relatives of ex-service men --- deserve concessions, for an equally strong reason, all poor - children, and more ~~ex~~ especially those belonging to the ---- depressed classes and backward classes, deserve such help --- richly. I would therefore strongly urge that Government may be pleased not only to sanction the expenditure referred to in para 1 supra, but issue a general order enabling local -- bodies to incur such petty expenditure out of their Education Funds, to help poor children attending public schools.-

Your most obedient Servant.
